

Notes for Military and Veteran's Affairs Committee 2/12/2014

- Thank-you Chairman Stamas and the Committee Members of the Military and Veterans Affairs Committee for the opportunity to speak today. In addition, I would like to thank Representative Rendon, along with the numerous co-sponsors for the introduction of HB 5036.
- My name is Rick Donovan and I am a member of the American Legion Department of Michigan, here today in support of HB 5036. I have prepared a packet of information with sample Joint Services Transcripts along with information on how important HB 5036 is.
- At this time, please refer to the packets provided.
 - I. Sample Joint Services Transcripts from the Army, Marine Corps, Navy and Coast Guard. The Community College of the Air Force is an accredited institution.
 - II. HB 5036 Map of research 11/03/2013. Map of Servicemembers Opportunity Colleges (Created in 1972). Screenshot of webpage showing SOC CRITERIA:
REASONABLE CREDIT TRANSFER & CREDIT FOR MILITARY TRAINING AND EXPERIENCE.
 - III. State of Michigan Civil Service Commission "Document of Accepted Official Transcript" requirements for employment with the State of Michigan.
 - IV. Sample Official Transcripts of myself from Oakland Community College, Macomb Community College, Excelsior College, NY and Thomas Edison State College, NJ.
 - V. How it all ties together: VRAP MAP's. 3,861 approved only 2,325 using benefit at community college or technical school, leaving 1,536 slots unused. \$28,827,648 possibly left on the table. HB 5036 potentially would get many veterans halfway to a Certificate or Associate Degree.
 - VI. Population Maps for 9/11 veterans and how everything ties together.

Thank You for the opportunity to provide testimony on this important piece of legislation. I welcome any questions.

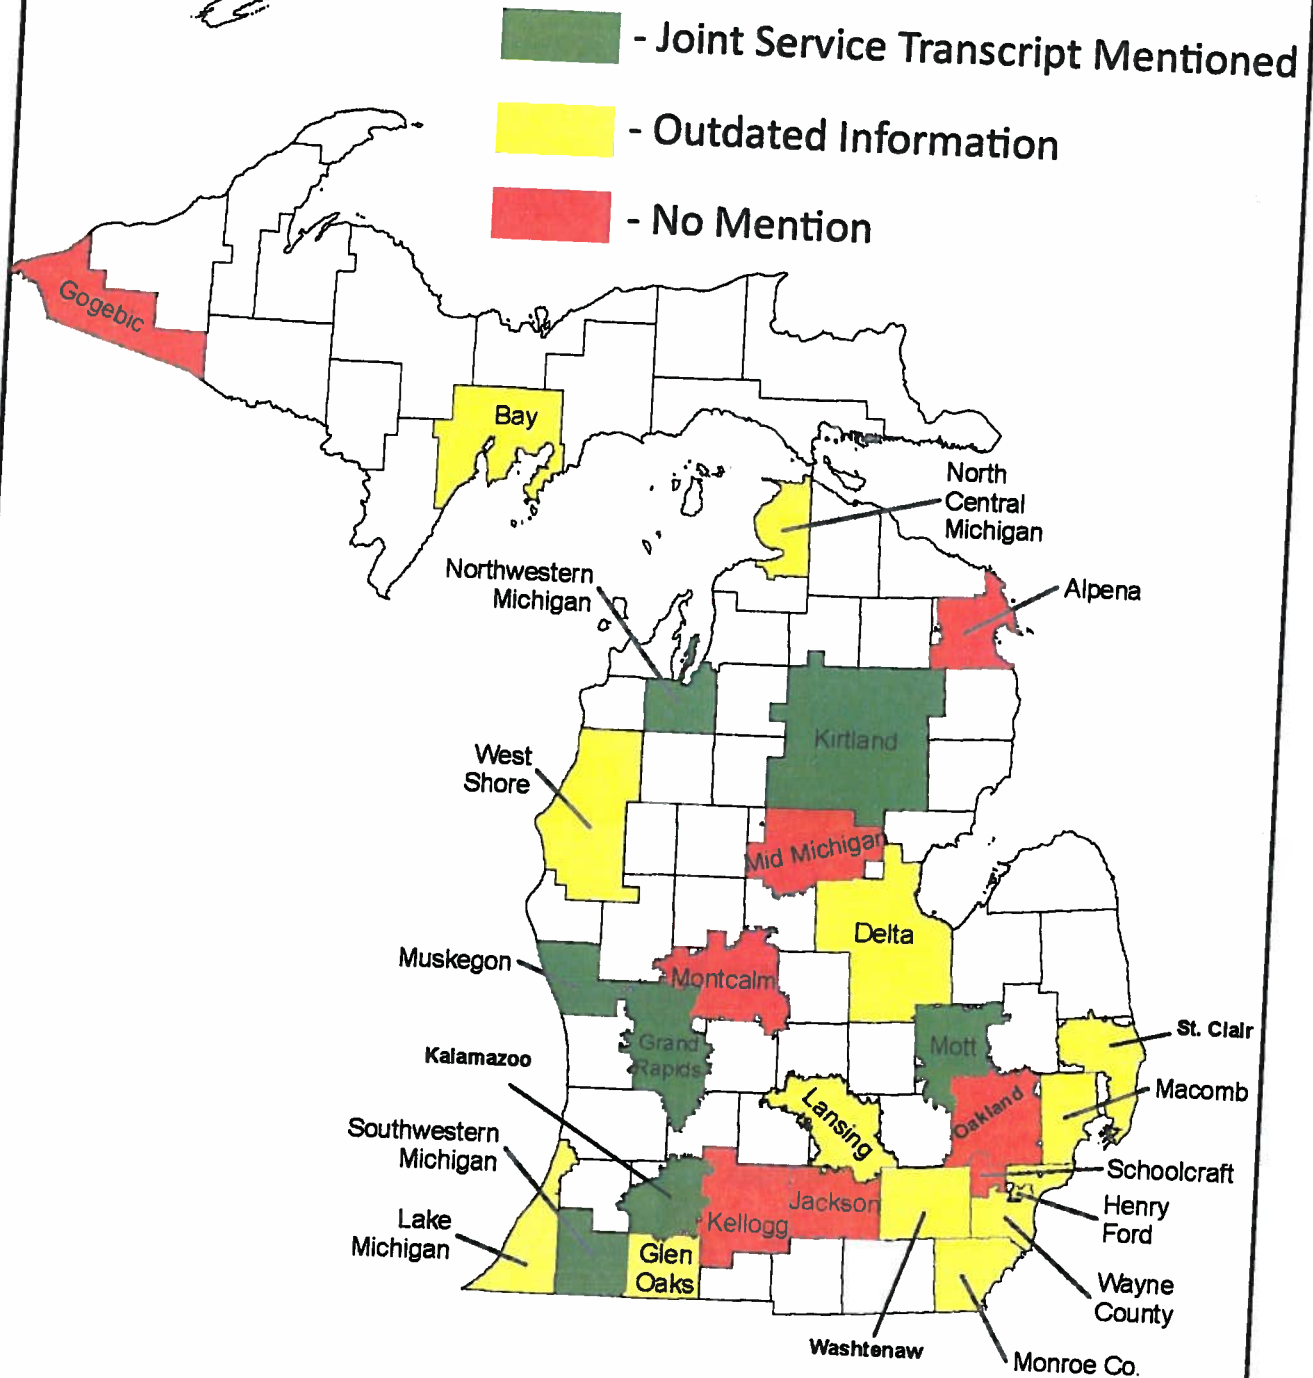

Rick Donovan

Due to ongoing federal fiscal constraints, the U.S. Army Recruiting Command (USAREC) assumed program management duties for the Concurrent Admissions Program (ConAP) from Servicemembers Opportunity Colleges (SOC) as of January 3, 2014.

Servicemembers Opportunity Colleges (SOC) was created in 1972 to provide educational opportunities to servicemembers who, because they frequently moved from place to place, had trouble completing college degrees. SOC functions in cooperation with 15 higher education associations, the Department of Defense, and Active and Reserve Components of the Military Services to expand and improve voluntary postsecondary education opportunities for servicemembers worldwide. SOC is funded by the Department of Defense (DoD) through a contract with the American Association of State Colleges and Universities (AASCU). The contract is managed for DoD by the Defense Activity for Non-Traditional Education Support (DANTES).

STATE OF MICHIGAN
CIVIL SERVICE COMMISSION

Official Transcripts

An official transcript is required for employment with the State of Michigan classified service and Civil Service examinations. It must bear the college or university certification (e.g. seal, logo, watermark, and/or letterhead), Registrar's signature, and date. Transcripts that do not meet these requirements will be considered unofficial.

A transcript described above that contains the stamp "Issued to Student" is also an official transcript. This is simply a note to the State of Michigan that the official transcript was mailed or given directly to the student.

An unofficial transcript is an internet copy printed from the student's college/university web account, a transcript stamped with "Student Copy," or a transcript that is labeled as "Unofficial."

To order a copy of an official transcript, the current/former student must follow the procedures implemented by the college/university. In some cases, a transcript will not be released until all financial obligations have been met.

Upon receipt of the official transcript, it must be scanned and attached to the electronic NEOGOV application with one of the following file extensions: pdf, doc, docx, txt, or rft. When building your Applicant Profile in the NEOGOV application, click the Add Attachment(s) Section to add your transcript(s). When attaching transcripts, please name the college/university for each transcript attached.

Colleges and Universities are now emailing transcripts to current or former students in an electronic pdf format. These documents are valid official transcripts because they have been digitally signed and certified by the college/university, but still MUST be attached to an application before sending them in.

It is not necessary to have the college/university mail your transcript or email an electronic transcript directly to a state department unless a "Sealed Transcript" is requested by a specific person in a state department. Unsolicited transcripts mailed or emailed directly to a hiring agency without an application will not be accepted.

Below is an example of an official transcript.

Veterans Retraining Assistance Program Fact Sheet

Congress passed, and the President signed into law, the VOW to Hire Heroes Act of 2011. Included in this new law is the Veterans Retraining Assistance Program (VRAP). VRAP offers up to 12 months of training assistance to unemployed Veterans. The Department of Veterans Affairs (VA) and the Department of Labor (DOL) are working together to roll out this new program on July 1, 2012.

ELIGIBILITY

To qualify, a Veteran must:

- Be at least 35 but no more than 60 years old
- Be unemployed
- Have an other than dishonorable discharge
- Not be eligible for any other VA education benefit program (e.g.: the Post-9/11 GI Bill, Montgomery GI Bill, Vocational Rehabilitation and Employment Assistance)
- Not be in receipt of VA compensation due to unemployability
- Not be enrolled in a Federal or state job training program

PARTICIPANTS LIMITS AND PAYMENTS

The program is limited to 45,000 participants from July 1, 2012 through September 30, 2012, and to 54,000 participants from October 1, 2012, through March 31, 2014. Participants may receive up to 12 months of assistance equal to the monthly full-time payment rate under the Montgomery GI Bill-Active Duty program (currently \$1,564 per month). DOL will provide employment assistance to every Veteran who participates upon completion of the program. We are accepting VRAP applications now. Please visit eBenefits to apply.

ELIGIBLE PROGRAMS

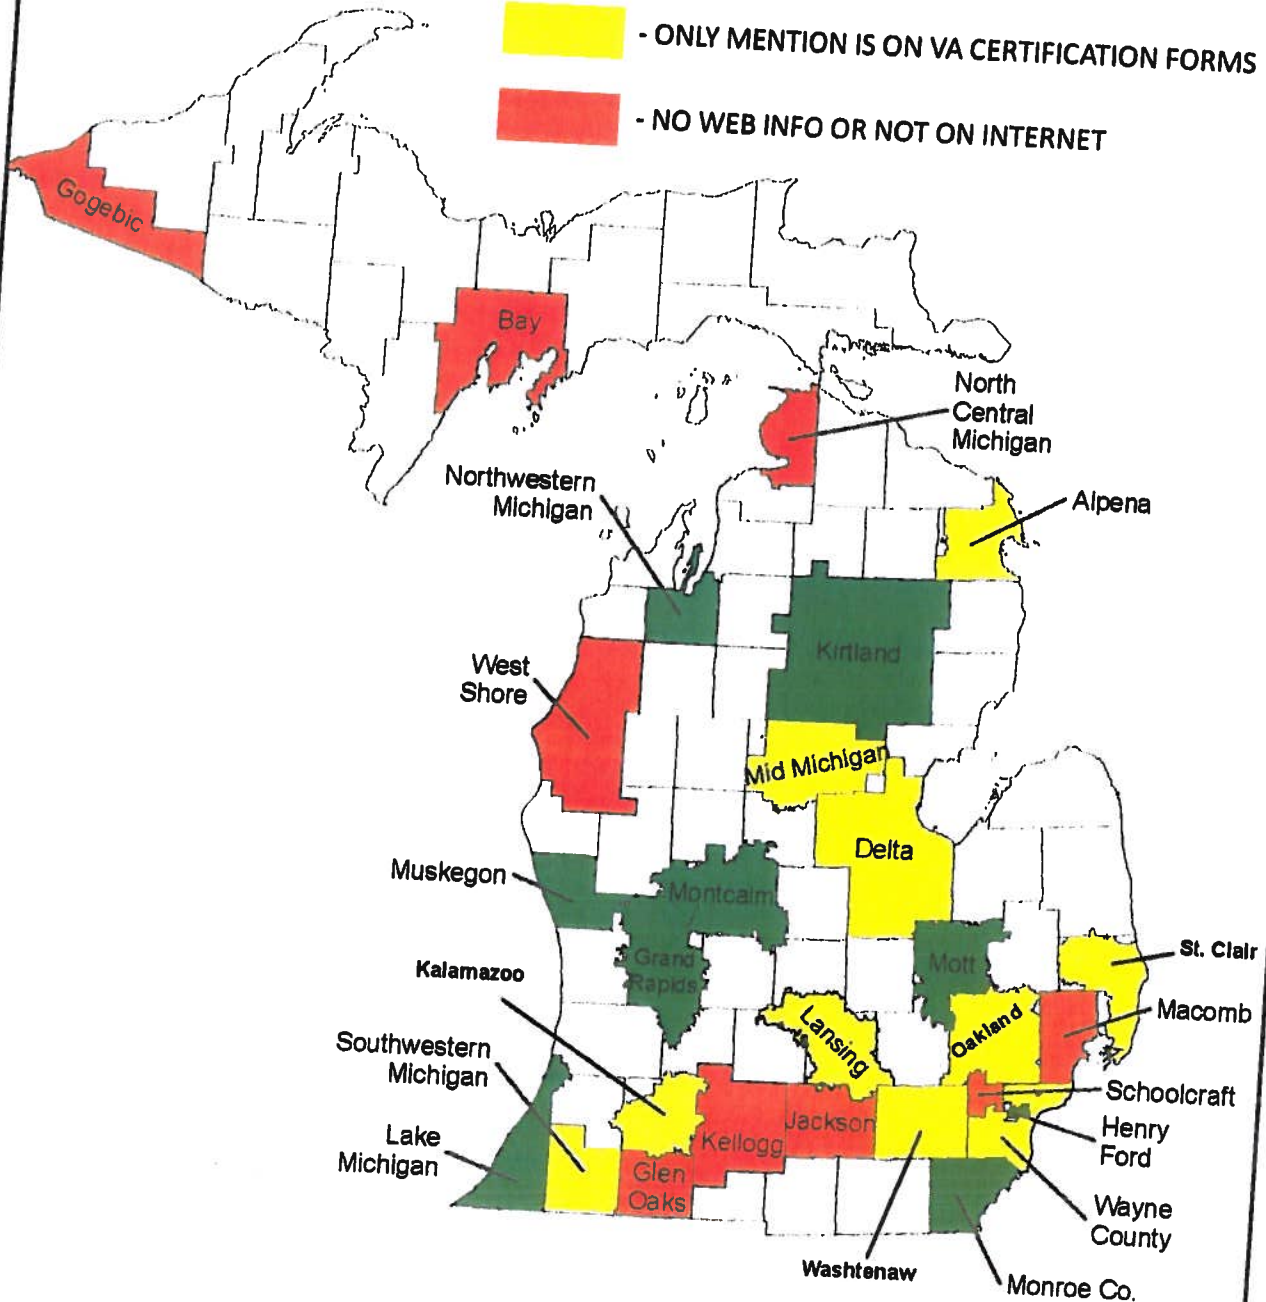

Participants must be enrolled in a program of education approved for VA benefits that is offered by a community college or technical school. The program must lead to an Associate Degree, Non-College Degree, or a Certificate, and train the Veteran for a high demand occupation. [Search for an approved program here.](#)

JST Official Transcript Explanation

The American Council on Education (ACE) is the nation's unifying voice for higher education. ACE serves as a consensus leader on key higher education issues and seeks to influence public policy through advocacy, research, and program initiatives. ACE's Military Programs evaluates formal service courses and occupations approved by a central authority, employing the services of teams of subject-matter specialists from colleges and universities (professors, deans, and other academicians) that, through the discussion and the application of evaluation procedures and guidelines, reach consensus on content, description, and amount of credit to be recommended for selected courses and occupations. For comprehensive information on the ACE Military Evaluation process, consult the Course and Occupation Evaluation Systems, described in the online Guide to the Evaluation of Educational Experiences in the Armed Services at: <http://www.militaryguides.acenet.edu/AboutCrEval.htm>.

ACE, the American Association of Collegiate Registrars and Admissions Officers (AACRAO), and the Council for Higher Education Accreditation have developed a set of guidelines contained in the Joint Statement on the Transfer and Award of Credit (<http://www.militaryguides.acenet.edu/JointStatement/htm>) that are intended to serve as a guide for institutions developing or reviewing policies dealing with transfer, acceptance and award of credit for courses and occupations completed in a variety of institutional and extraintitutional settings, including the military. More information on guidelines for awarding credit for courses and occupations appearing on JST transcripts is contained in The AACRAO 2003 Academic Record and Transcript Guide.

Servicemembers may request copies of JST transcripts directly from the Operation Centers at <https://smart.navy.mil> or by calling 877-838-1659. ACE does not issue these transcripts or make any adjustments to missing or incorrect information contained in them. Servicemembers must contact the respective Operations Centers for adjustments or corrections to the transcripts. Colleges and universities may also receive web-based official copies of these documents by contacting the JST Operations Center at SFLY_SMART@navy.mil.

Understanding JST Transcripts

The full exhibit and description for courses and occupations listed on JST transcripts can be found in the Guide to the Evaluation of Educational Experiences in the Armed Services which is available only online at: (<http://www.militaryguides.acenet.edu>) and updated on a daily basis as new courses and occupations are evaluated for recommended credit.

Key to transcript terms:

Military Course ID - This is the number the military service has assigned for this particular course.

SH - Semester hours.

ACE Identifier - The number ACE assigns a particular course. Courses are identified by a 2-letter prefix that designates the military service (NV-Navy, MC-Marine Corps, CG-Coast Guard, DD-Department of Defense, AF-Air Force), followed by a unique eight-digit course identifier.

ACE Credit Recommendation is listed in semester hours, in the following categories:

V = Vocational; L = Lower level (freshman or sophomore level); U = Upper level (Junior or Senior Level); G = Graduate level.

Dates Taken/Dates Held - Courses and occupations will normally have a start and end date that will show the time period the course was completed or the occupation was held.

Location - Valid location(s) where the course was completed.

Occupational Codes:

Navy Rates and Ratings:

NER - Navy enlisted rates are occupation identifications assigned to personnel at paygrades E-1 to E-9. Each general rate involves the performance of entry-level tasks and leads to one or more ratings. Career patterns from recruit to master chief petty officer are identified by 4 to 5-digit codes.

NEC - The NEC Structure supplements the Enlisted Rating Structure by identifying skills requiring more specific identification than that provided by general rates and ratings and that are not rating-wide requirements. Selected NECs have been evaluated by ACE to date.

LDO, NWO - Limited Duty Officer, Navy Warrant Officer - Technical officer specialists who perform duties that are technically oriented, with skills acquired through experience and training that are limited in scope to other officer categories. These specialties are normally identified by 4 digits, each successively providing more precise identification of the individual holder.

MCE - an MOS has 4 digits and a descriptive title; the first 2 digits normally describe the occupational field and the last 2 digits identify the promotional level and specialty within the occupation.

Coast Guard:

CGR - Enlisted rating structure used for classified enlisted personnel and qualifications, with career levels from recruit to master chief petty officer.

CGW - Coast Guard Warrant Officers are technical officer specialists who perform duties that are technically oriented and acquired through experience and training that is limited in scope and relation to other officer categories.

PNA - Passed, not advanced. This designation indicates a successful completion of service exams that qualify the servicemember for promotion to the next level in a given occupation, pending available openings at this occupation level.

Pending evaluation - This status designates a course or occupation that ACE may be in the process of evaluating or re-evaluating for the appropriate credit recommendation pending completion of the evaluation. For more information, contact ACE's Military Evaluations Department at mileval@nce.nche.edu. **MATMEP** - Maintenance Training Management and Evaluation Program, a standardized, documentable, level-progressive,

technical skills management and evaluation program for enlisted aviation technical maintenance training. The Summary sheet submitted by the servicemember lists the current level of training completed and should be used by the evaluator to verify the attained level in awarding credit.

DANTES - The Defense Activity for Non-Traditional Education Support maintains the educational records of the servicemembers who have completed DANTES subject Standardized Tests (DSSTs), CLEP examinations, and GED tests. For examinations administered at military installations, results of these tests may appear on JST transcripts for consideration in the award of the recommended credit. However, individual colleges and universities may reserve the right to request official scores directly from ETS or DANTES, to confirm completion of these exams and the credits recommended.

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP) - The College-Level Examination Program or CLEP provides students of any age with the opportunity to demonstrate college-level achievement through a program of exams in undergraduate college courses. There are 2,900 colleges that grant credit and/or advanced standing for CLEP exams.

Other Learning Experiences & Non-Credit Courses: See Other Learning Experiences section of transcript for detailed information.

1142B	<p>MC-1715-0132 09-JUL-2002 Solid State Devices by Correspondence: Marine Corps Institute Washington, DC</p> <p>Upon completion of the course, the student will be able to describe semiconductor atomic theory, semiconductor characteristics, definitions of N-type and P-type material, and dynamic effects of current flow through P-N junctions; the student will be able to recognize NPN & PNP transistors by schematic symbols, wafer diagram, and biasing circuitry required for proper operation; the student will be able to describe distortion conditions, various operating configurations, and proper test, troubleshooting, and repair techniques; the student will be able to identify simple semiconductor devices, including zener diodes, tunnel diodes, varactors, SCRs and TRIACs; the student will be able to identify application circuitry and be aware of the operating functions of dacu devices; the student will be able to identify semiconductor power supply circuits by their schematic representation and identify signal conditioning</p>		

effects at sequential points of the power supply. The student will be able to recognize the use of troubleshooting bridge circuitry, filter components, and multiplier circuits for the purpose of troubleshooting; the student will be able to recognize voltage regulation through shunt and series techniques, identify the signal conditions at sequential points of the regulator, and identify, by output effects, component failure of the circuit. The student will be able to recognize power supply multiplier circuits and their signal processing effects.

- Survey Of Electronic Devices 2 SH L
- Introduction To Solid State Devices 3 SH V

NOTE: MCI designates a minimum passing score at 65%.
(11/01)(11/01)

1143

MC-1601-0033 11-JUL-2002

Interior Wiring by Correspondence:

Marine Corps Institute
Washington, DC

Upon completion of the course, the student will be able to identify and know the purpose for conductors, boxes and covers, conduit and conduit fittings, switches and receptacles, and lighting fixtures; install, service and distribute panels; perform circuit installation with nonmetallic cable and conduit; and troubleshoot, repair, and maintain distribution systems.

- Interior Wiring 1 SH L

NOTE: MCI designates a minimum passing score at 65%.
(6/08)(6/08)

0335C

MC-2204-0136 12-DEC-2002

Infantry Patrolling by Correspondence:

Marine Corps Institute
Washington, DC

Upon completion of the course, the student will be able to plan, prepare, and conduct infantry, combat, and reconnaissance patrols.

- Physical Education 1 SH L

NOTE: MCI designates a minimum passing score at 65%.
(9/02)(9/02)

001A

MC-1406-0028 13-DEC-2002

Principles of Instruction for the Marine Noncommissioned Officer (NCO) by Correspondence:

Marine Corps Institute
Washington, DC

Upon completion of the course, the student will be able to prepare a lesson from developing learning objectives, to designing the lesson, to identifying appropriate lesson materials; to selecting the methods of instruction, and preparing the test.

- Introduction To Education 1 SH L

NOTE: MCI designates a minimum passing score at 65%.
(6/08)(6/08)

0381C

MC-1601-0052 13-DEC-2002

Land Navigation by Correspondence:

Marine Corps Institute
Washington, DC

Upon completion of the course, the student will be able to navigate with a map and compass, plan and prepare a route, and navigate by natural means.

- Land Navigation/Military Science/Orienteering 3 SH L

NOTE: MCI designates a minimum passing score at 65%.
(9/03)(9/03)

0354B

MC-0803-0008 03-JAN-2003
Desert Operations by Correspondence:
Marine Corps Institute
Washington, DC

Upon completion of the course, the student will be able to demonstrate basic knowledge regarding principles, procedures, and techniques of desert military operations; effects of desert conditions on the individual; desert training and operations; armored and wheel vehicle maintenance and operations; and combat operations, organization, and support in the desert.

- Credit Is Not Recommended

JST Official Transcript Explanation

The American Council on Education (ACE) is the nation's unifying voice for higher education. ACE serves as a consensus leader on key higher education issues and seeks to influence public policy through advocacy, research, and program initiatives. ACE's Military Programs evaluates formal service courses and occupations approved by a central authority, employing the services of teams of subject-matter specialists from colleges and universities (professors, deans, and other academicians) that, through the discussion and the application of evaluation procedures and guidelines, reach consensus on content, description, and amount of credit to be recommended for selected courses and occupations. For comprehensive information on the ACE Military Evaluation process, consult the Course and Occupation Evaluation Systems, described in the online Guide to the Evaluation of Educational Experiences in the Armed Services at: <http://www.militaryguides.acenet.edu/AboutCrEval.htm>).

ACE, the American Association of Collegiate Registrars and Admissions Officers (AACRAO), and the Council for Higher Education Accreditation have developed a set of guidelines contained in the Joint Statement on the Transfer and Award of Credit (<http://www.militaryguides.acenet.edu/JointStatement/htm>) that are intended to serve as a guide for institutions developing or reviewing policies dealing with transfer, acceptance and award of credit for courses and occupations completed in a variety of institutional and extrinstitutional settings, including the military. More information on guidelines for awarding credit for courses and occupations appearing on JST transcripts is contained in The AACRAO 2003 Academic Record and Transcript Guide.

Servicemembers may request copies of JST transcripts directly from the Operation Centers at <https://smart.navy.mil> or by calling 877-838-1659. ACE does not issue these transcripts or make any adjustments to missing or incorrect information contained in them. Servicemembers must contact the respective Operations Centers for adjustments or corrections to the transcripts. Colleges and universities may also receive web-based official copies of these documents by contacting the JST Operations Center at SFLY_SMART@navy.mil.

Understanding JST Transcripts

The full exhibit and description for courses and occupations listed on JST transcripts can be found in the Guide to the Evaluation of Educational Experiences in the Armed Services which is available only online at: (<http://www.militaryguides.acenet.edu>) and updated on a daily basis as new courses and occupations are evaluated for recommended credit.

Key to transcript terms:

Military Course ID - This is the number the military service has assigned for this particular course.

SH - Semester hours.

ACE Identifier - The number ACE assigns a particular course. Courses are identified by a 2-letter prefix that designates the military service (NV-Navy, MC- Marine Corps, CG-Coast Guard, DD-Department of Defense, AF-Air Force), followed by a unique eight-digit course identifier.

ACE Credit Recommendation is listed in semester hours, in the following categories:

V = Vocational; L = Lower level (freshman or sophomore level); U = Upper level (Junior or Senior Level); G = Graduate level.

Dates Taken/Dates Held - Courses and occupations will normally have a start and end date that will show the time period the course was completed or the occupation was held.

Location - Valid location(s) where the course was completed.

Occupational Codes:

Navy Rates and Ratings:

NER - Navy enlisted rates are occupation identifications assigned to personnel at paygrades E-1 to E-9. Each general rate involves the performance of entry-level tasks and leads to one or more ratings. Career patterns from recruit to master chief petty officer are identified by 4 to 5-digit codes.

NEC - The NEC Structure supplements the Enlisted Rating Structure by identifying skills requiring more specific identification than that provided by general rates and ratings and that are not rating-wide requirements. Selected NECS have been evaluated by ACE to date.

LDO, NWO - Limited Duty Officer, Navy Warrant Officer - Technical officer specialists who perform duties that are technically oriented, with skills acquired through experience and training that are limited in scope to other officer categories. These specialties are normally identified by 4 digits, each successively providing more precise identification of the individual holder.

Marine Corps:

MCE - an MOS has 4 digits and a descriptive title; the first 2 digits normally describe the occupational field and the last 2 digits identify the promotional level and specialty within the occupation.

Coast Guard:

CGR - Enlisted rating structure used for classified enlisted personnel and qualifications, with career levels from recruit to master chief petty officer.

CGW - Coast Guard Warrant Officers are technical officer specialists who perform duties that are technically oriented and acquired through experience and training that is limited in scope and relation to other officer categories.

PNA - Passed, not advanced. This designation indicates a successful completion of service exams that qualify the servicemember for promotion to the next level in a given occupation, pending available openings at this occupation level.

Pending evaluation - This status designates a course or occupation that ACE may be in the process of evaluating or re-evaluating for the appropriate credit recommendation pending completion of the evaluation. For more information, contact ACE's Military Evaluations Department at mileval@ace.nche.edu. **MATMEP** - Maintenance Training Management and Evaluation Program, a standardized, documentable, level-progressive, technical skills management and evaluation program for enlisted aviation technical maintenance training. The Summary sheet submitted by the servicemember lists the current level of training completed and should be used by the evaluator to verify the attained level in awarding credit.

DANTES - The Defense Activity for Non-Traditional Education Support maintains the educational records of the servicemembers who have completed DANTES subject Standardized Tests (DSSTs), CLEP examinations, and GED tests. For examinations administered at military installations, results of these tests may appear on JST transcripts for consideration in the award of the recommended credit. However, individual colleges and universities may reserve the right to request official scores directly from ETS or DANTES, to confirm completion of these exams and the credits recommended.

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP) - The College-Level Examination Program or CLEP provides students of any age with the opportunity to demonstrate college-level achievement through a program of exams in undergraduate college courses. There are 2,900 colleges that grant credit and/or advanced standing for CLEP exams.

Other Learning Experiences & Non-Credit Courses: See Other Learning Experiences section of transcript for detailed information.

JST CORRECTION/UPDATE PROCEDURES AND INFORMATION (Marines)

Marines must take action to get errors corrected; to include Mailing Documents to the JST Ops Office *(address below). E-Mails and faxes will only be accepted from a Marine Lifelong Learning Center, Navy College Office or servicing Administration Office.

The following items will NOT appear on JST: Awards, and Local Training that does not have course identification numbers. Please DO NOT include this type of information, since it will not be added to your transcript.

INFORMATION LISTED ON JST:	ACTIVE DUTY CORRECTIONS	VETERANS CORRECTIONS
PERSONAL INFORMATION This information originates from MCTFS.	Contact your Unit Diary/Admin Non Commissioned Officer (NCO). That office will submit corrections to update MCTFS.	Mail certified/notarized <u>copy</u> of DD Form 214 to JST Ops Center Send copies of all DD Form 214 (s). DO NOT SEND YOUR ORIGINAL.
MILITARY TRAINING/COURSES Marine Corps Total Force System (MCTFS), Training Information Management System (TIMS) and Marine Corps Institute (MCI) are shown on the JST transcript. All courses must be entered into MCTFS prior to submitting JST corrections.	ACE recommended college credit requires that dates and locations be shown. If the date and/or location is missing mail a copy of course completion certificate, service record page(s) or DD Form 295 to the JST Ops Center. All documents <u>must be certified as a true copy</u> by the Unit Diary/Admin NCO or notary. Include your name, last 4 digits of SSN, work address, and daytime phone number and email address. Certified documents may be mailed directly to the JST Ops Center or faxed by a Marine Lifelong Learning Center to the JST Ops Center.	Mail copy of course completion certificate, DD Form 214 or other documents from service record to the JST Ops Center. All documents <u>must be certified or notarized as a true copy.</u> Include your name, last 4 digits of SSN, work address, and daytime phone number and email address. Certified documents may be mailed directly to the JST Ops Center or faxed by a Marine Lifelong Learning Center to the JST Ops Center
MILITARY EXPERIENCE Military occupations (MOS). If the MOS codes are missing they can be added (must be added first to MCTFS)	Procedure for submitting documents showing changes/corrections to MOS codes are the same as those for Active Duty Corrections, Military Training/Courses above.	Procedure for submitting documents showing changes/corrections to MOS codes are the same as those for Veterans Corrections, Military Training/Courses above.
ACADEMIC INSTITUTION COURSES, DEGREES and CERTIFICATIONS College courses taken while on active duty through NCPACE or TA. Degrees/Certifications or courses earned before or while on Active Duty at institutions accredited by a regional or national accrediting agency recognized by the U S Department of Education Credit Evaluations may NOT be sent in lieu of foreign transcripts.	NCPACE COURSES: (2 Options to have updated to JST) 1. Have OFFICIAL transcript sent from institution directly to JST. 2. Mail certified or notarized copy of grade reports or transcripts to JST Ops Center. Marine Lifelong Learning Center may fax certified copy to JST Ops Center. TA FUNDED COURSES: Fax TA funded course(s) grade report or transcript to 850-452-1149/1032/1079 or DSN 922-1149/1032/1079. DEGREES/CERTIFICATIONS: Have official transcript sent directly from institution to JST. Degrees earned prior to or during Marine Corps active duty will be accepted. Degree, major field, date awarded and institution must be included on transcript. NON-TA or NON-NCPACE FUNDED COURSES: (i.e. CCAF, MGIB funded, scholarships, etc.) (3 Options to have updated to JST) 1. Official transcript mailed directly from institution to JST. 2. Bring Official Transcript or course grades to Lifelong Learning Center to have certified a true copy of original and faxed to JST. 3. Have Official Transcript certified or notarized and mail to JST. For more information go to: https://www.navycollege.navy.mil/add_deg.html ALL DOCUMENTATION SENT IN MUST HAVE NAME, LAST 4 DIGITS OF SSN, EMAIL, AND PHONE NUMBER WHERE YOU CAN BE CONTACTED.	NCPACE COURSES: (2 Options to have updated to JST) 1. Have OFFICIAL transcript sent from institution directly to JST. 2. Mail certified or notarized copy of grade reports or transcripts to JST Ops Center. TA FUNDED COURSES: If courses are not on JST, follow instructions for update to JST as listed under Non-TA, Non-NCPACE courses. DEGREES/CERTIFICATIONS: Have official transcript sent from institution directly to JST. Degrees earned prior to or during Marine Corps active duty will be accepted. Degree, major field, date awarded and institution must be included on transcript. NON-TA or NON-NCPACE FUNDED COURSES: (i.e. CCAF, MGIB funded, scholarships, etc.) (3 Options to have updated to JST) 1. Official transcript mailed directly from institution to JST 2. Bring Official Transcript or course grades to Lifelong Learning Center to have certified a true copy of original and faxed to JST 3. Have Official Transcript certified or notarized and mail to JST. For more information go to: https://www.navycollege.navy.mil/add_deg.html ALL DOCUMENTATION SENT IN MUST HAVE NAME, LAST 4 DIGITS OF SSN, EMAIL, AND PHONE NUMBER WHERE YOU CAN BE CONTACTED.
COLLEGE LEVEL TEST SCORES CLEP, DSST, DLPT, ECE (formerly ACT-PEP, RCE).	If test scores are missing for CLEP, DSST or ECE check with your Lifelong Learning Center. If the DLPT test scores are missing it must have a 'converted' score to be entered on JST. Submit documentation as noted under Active Duty, Military Training/Courses.	For CLEP, DSST, ECE, obtain transcript from DANTES at: http://www.dantes.dod.mil . Mail to JST. If the DLPT test scores are missing it must have a 'converted' score to be entered on JST. Submit documentation as noted under Veterans Corrections, Military Training/Courses.

A-100-0010 NV-1714-0021 01-FEB-1983 to 12-MAY-1983

Basic Electricity and Electronics---Modules 30--34:

Service School Command

Great Lakes, IL

To provide basic technical knowledge and skills in electrical and electronic theory and application as a prerequisite for additional training.

- Electronic Devices

3 SH

L

(1/82)(1/82)

A-101-0015 NV-1715-0088 09-APR-1984 to 04-MAY-1984

AN/SRC-20, AN/SRC-21 Radio Sets Maintenance (Electronics Technician, Class 1):

Electronics Technician, Class C School

San Diego, CA

To train enlisted personnel to operate, maintain, and repair the AN/SRC-20/21 radio sets and associated test equipment.

- Aviation Electronics Laboratory

2 SH

L

- Electronic Troubleshooting

1 SH

L

(5/82)(5/82)

A-500-0034 NV-1717-0014 25-JUL-1988 to 05-AUG-1988

Leadership and Management Education and Training (LMET) for Leading Petty Officers:

Fleet Training Center Mayport Det

Jacksonville FL

To provide leading petty officers with modern concepts and methods for leadership development and human resource use.

- Industrial Management, Industrial Psychology, Leadership Development or a Management Elective

3 SH

U

(11/81)(11/81)

A-100-0072 NV-1715-1345 15-JUL-1991 to 09-AUG-1991

Miniature Electronics Repair:

Fleet Training Center

Mayport, FL

Upon completion of the course, the student will be able to repair two-sided printed circuit boards to original specifications and maintain repair station equipment without supervision.

- Electronic Fabrication

3 SH

L

(3/89)(3/89)

A-500-0034 NV-1717-0025 07-OCT-1991 to 11-OCT-1991

Leader Development Program (NAVLEAD) for Leading Petty Officers:

Fleet Training Center Mayport Det

Jacksonville FL

Upon completion of the course, the student will be able to identify the components which characterize motivation, supervisory and leadership skills, and personal skills which will increase effectiveness as a unit leader.

- Principles Of Supervision

1 SH

L

(3/92)(3/92)

P-500-0036 NV-1717-0023 05-DEC-1994 to 09-DEC-1994

Navy Leader Development Program (NAVLEAD) for Chief Petty Officers:

** PRIVACY ACT INFORMATION **

02/15/2013

Fleet Training Center POM 81
Mayport FL

Upon completion of the course, the student will be able to identify the components which characterize motivation, supervisory and leadership skills, and personal skills which will increase effectiveness as a unit leader.

- Principles Of Supervision

1 SH

L

(3/92)(3/92)

P-500-0021

NV-1717-0028 21-JAN-1997 to 31-JAN-1997

Advanced Leadership Development Program:

Leader Training Unit

Little Creek, VA

Upon completion of the course, the student will be able to identify basic principles of leadership; the role of motivation, empowerment, and counseling in development of subordinates; and ways to manage human resources, teams, and stress to create a quality organizational climate. Students will use effective oral and written communication skills in professional relationships.

- Personnel Supervision or 1 in Leadership and 1 in Business and Professional Communication

2 SH

L

NV-1717-0027, NV-1717-0028, and NV-1717-0029 cover similar/duplicate information. Credit should be awarded for one of these courses only.

(1/05)(1/05)

A-4B-0019

NV-1715-1784 03-MAR-1997 to 28-MAR-1997

Combat Systems Electronics Administration Atlantic Fleet:

Fleet Training Center

Norfolk, VA

Upon completion of the course, the student will be able to describe combat systems electronic equipment; perform the administrative procedures followed in the combat systems electronics division; and perform other necessary administrative procedures related to maintenance, repair, training, reports, and inspections.

- Credit Is Not Recommended

SH

(11/95)(11/95)

A-012-0011

NV-1406-0019 10-JUL-2000 to 02-AUG-2000

Instructor:

Fleet Training Center

San Diego CA

Upon completion of the course, the student will be able to deliver lectures employing effective questioning, chalkboard, and communications techniques; deliver instruction employing demonstrative strategies; operate an overhead projector and video cassette system; demonstrate knowledge of instructor guides, workbooks, computerized reporting systems, evaluation, and participant materials; and develop learning outcomes for a topic.

- Training And Development (Instructional Methods)

3 SH

U

(9/89)(1/98)

R-920-0001

NV-2202-0206 24-JUL-2004 to 08-AUG-2004

Senior Enlisted Academy Nonresident:

Naval Reserve Professional Development Center

New Orleans, LA

Upon completion of the course, the student will be able to provide more effective leadership in senior positions, promote teamwork, perform management responsibilities in the areas of communications skills, national security affairs, and program and policy areas.

- Business Communication

- None

NEC-9527 **NONE ASSIGNED** 01-DEC-1991

Miniature Electronic Repair Technician:

Performs identification, removal and application of conformal coatings, removal and replacement of discrete and multi-lead components, preparation and installation of eyelets, repair and replacement of conductors and laminates, proper connection of wires to terminal and connector cups, and other related repairs per NAVSEAINST 4790.17 and OPNAVINST 4790.2. Repairs conducted using approved equipment and practices as authorized in the Standard Maintenance Practices Miniature/Microminiature (2M) Electronic Assembly Repair (NAVSEA SE004-AK-TRS-010/2M, NAVAIR 01-1A-23) Technical Manual.

- None

ETC **NER-ET-003** 01-SEP-1994

Electronics Technician:

Performs maintenance on electronic equipment for surface ships and submarines, electronic air detection and tracking equipment, electronic recognition and identification equipment, aids to navigation, and electronic equipment and components used for communication, cryptography, and navigation; possesses a general working knowledge of electricity and electronics. Reads and interprets schematics and block diagrams; uses test equipment and hand tools; repairs electrical/electronic cables and connectors; localizes malfunctions and repairs or replaces faulty parts or subassemblies; aligns, adjusts, calibrates, and performs preventive maintenance on equipment; inventories tools and portable test equipment; completes maintenance data forms. Maintains radar transmitting equipment, radar receiving equipment, radar identification equipment, and air navigation equipment; localizes malfunctions to systems, subsystems, circuits, and parts; inventories installed equipment; completes maintenance reports. Diagnoses, isolates, aligns, adjusts, and calibrates electronic subsystems; monitors maintenance quality control; prepares weekly preventive maintenance schedules; maintains inventory of parts; reviews completed maintenance data forms; trains subordinates in the operation of tests on systems and subsystems. Supervises the repair of electronic systems and subsystems; uses accounting procedures to maintain control of inventories, work flow, and work accomplished; estimates time and support required for repair of equipment; provides technical and supervisory liaison between work centers; implements and administers a maintenance and repair program; prepares quarterly preventive maintenance schedules.

JST Official Transcript Explanation

The American Council on Education (ACE) is the nation's unifying voice for higher education. ACE serves as a consensus leader on key higher education issues and seeks to influence public policy through advocacy, research, and program initiatives. ACE's Military Programs evaluates formal service courses and occupations approved by a central authority, employing the services of teams of subject-matter specialists from colleges and universities (professors, deans, and other academicians) that, through the discussion and the application of evaluation procedures and guidelines, reach consensus on content, description, and amount of credit to be recommended for selected courses and occupations. For comprehensive information on the ACE Military Evaluation process, consult the Course and Occupation Evaluation Systems, described in the online Guide to the Evaluation of Educational Experiences in the Armed Services at: <http://www.militaryguides.acenet.edu/AboutCrsEval.htm>.

ACE, the American Association of Collegiate Registrars and Admissions Officers (AACRAO), and the Council for Higher Education Accreditation have developed a set of guidelines contained in the Joint Statement on the Transfer and Award of Credit (<http://www.militaryguides.acenet.edu/JointStatement/htm>) that are intended to serve as a guide for institutions developing or reviewing policies dealing with transfer, acceptance and award of credit for courses and occupations completed in a variety of institutional and extrainstitutional settings, including the military. More information on guidelines for awarding credit for courses and occupations appearing on JST transcripts is contained in The AACRAO 2003 Academic Record and Transcript Guide.

Servicemembers may request copies of JST transcripts directly from the Operation Centers at <https://smart.navy.mil> or by calling 877-838-1659. ACE does not issue these transcripts or make any adjustments to missing or incorrect information contained in them. Servicemembers must contact the respective Operations Centers for adjustments or corrections to the transcripts. Colleges and universities may also receive web-based official copies of these documents by contacting the JST Operations Center at SFLY_SMART@navy.mil.

Understanding JST Transcripts

The full exhibit and description for courses and occupations listed on JST transcripts can be found in the Guide to the Evaluation of Educational Experiences in the Armed Services which is available only online at: (<http://www.militaryguides.acenet.edu>) and updated on a daily basis as new courses and occupations are evaluated for recommended credit.

Key to transcript terms:

Military Course ID - This is the number the military service has assigned for this particular course.

SH - Semester hours.

ACE Identifier - The number ACE assigns a particular course. Courses are identified by a 2-letter prefix that designates the military service (NV-Navy, MC- Marine Corps, CG-Coast Guard, DD-Department of Defense, AF-Air Force), followed by a unique eight-digit course identifier.

ACE Credit Recommendation is listed in semester hours, in the following categories:

V = Vocational; L = Lower level (freshman or sophomore level); U = Upper level (Junior or Senior Level); G = Graduate level.

Dates Taken/Dates Held - Courses and occupations will normally have a start and end date that will show the time period the course was completed or the occupation was held.

Location - Valid location(s) where the course was completed.

Occupational Codes:

Navy Rates and Ratings:

NER - Navy enlisted rates are occupation identifications assigned to personnel at paygrades E-1 to E-9. Each general rate involves the performance of entry-level tasks and leads to one or more ratings. Career patterns from recruit to master chief petty officer are identified by 4 to 5-digit codes.

NEC - The NEC Structure supplements the Enlisted Rating Structure by identifying skills requiring more specific identification than that provided by general rates and ratings and that are not rating-wide requirements. Selected NECs have been evaluated by ACE to date.

LDO, NWO - Limited Duty Officer, Navy Warrant Officer - Technical officer specialists who perform duties that are technically oriented, with skills acquired through experience and training that are limited in scope to other officer categories. These specialties are normally identified by 4 digits, each successively providing more precise identification of the individual holder.

Marine Corps:

MCE - an MOS has 4 digits and a descriptive title; the first 2 digits normally describe the occupational field and the last 2 digits identify the promotional level and specialty within the occupation.

Coast Guard:

CGR - Enlisted rating structure used for classified enlisted personnel and qualifications, with career levels from recruit to master chief petty officer.

CGW - Coast Guard Warrant Officers are technical officer specialists who perform duties that are technically oriented and acquired through experience and training that is limited in scope and relation to other officer categories.

PNA - Passed, not advanced. This designation indicates a successful completion of service exams that qualify the servicemember for promotion to the next level in a given occupation, pending available openings at this occupation level.

Pending evaluation - This status designates a course or occupation that ACE may be in the process of evaluating or re-evaluating for the appropriate credit recommendation pending completion of the evaluation. For more information, contact ACE's Military Evaluations Department at mileval@ace.nche.edu. **MATMEP** - Maintenance Training Management and Evaluation Program, a standardized, documentable, level-progressive, technical skills management and evaluation program for enlisted aviation technical maintenance training. The Summary sheet submitted by the servicemember lists the current level of training completed and should be used by the evaluator to verify the attained level in awarding credit.

DANTES - The Defense Activity for Non-Traditional Education Support maintains the educational records of the servicemembers who have completed DANTES subject Standardized Tests (DSSTs), CLEP examinations, and GED tests. For examinations administered at military installations, results of these tests may appear on JST transcripts for consideration in the award of the recommended credit. However, individual colleges and universities may reserve the right to request official scores directly from ETS or DANTES, to confirm completion of these exams and the credits recommended.

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP) - The College-Level Examination Program or CLEP provides students of any age with the opportunity to demonstrate college-level achievement through a program of exams in undergraduate college courses. There are 2,900 colleges that grant credit and/or advanced standing for CLEP exams.

Other Learning Experiences & Non-Credit Courses: See Other Learning Experiences section of transcript for detailed information.

JST CORRECTION/UPDATE PROCEDURES AND INFORMATION (NAVY)

The Sailor must take action to get errors corrected; to include Mailing Documents to the Virtual Education Center (VEC) (*address below). E-Mails and faxes will only be accepted from a Navy College Office (NCO), Marine Lifelong Learning Center or servicing PSD.

The following items will NOT appear on JST:

Awards, PQS, Warfare Designations, correspondence courses, Local/Unit Level Training that does not have military course identification numbers, and non-Department of Education courses such as FEMA, DHS, ect.
Please DO NOT include this type of information, since it will not be added to your transcript.

INFORMATION LISTED ON JST:	ACTIVE DUTY CORRECTIONS	VETERANS CORRECTIONS
PERSONAL INFORMATION This information originates from Master Data File.	Contact your servicing PSD or Personnel and Administration Office. That office will submit corrections to PERS-312 or PERS-8.	Mail certified/notarized <u>copy</u> of DD Form 214 to Virtual Education Center. Send copies of all DD Form 214 (s), if applicable. DO NOT SEND YOUR ORIGINAL.
MILITARY COURSES This data originates from CeTARS, a training data base.	Mail copy of course completion certificate or page 4 (NAVPERS 1070/604) from service record or copy of Enlisted Summary Record (ESR) to Virtual Education Center. Completion Certificate (page 4), or copy of ESR <u>must be certified as true copy</u> by PSD (with PSD personnel original signature.) Include your name, last four of SSN, work address, and daytime phone number and e-mail address. Certified documents may be faxed by PSD to VEC, or mailed to VEC. When mailing page 4 or ESR, circle items to be corrected or added to transcript. <u>Ensure course number, location and dates are annotated on page 4 or ESR.</u> Allow up to 30 days for changes in CeTARS to appear on JST.	Mail copy of course completion certificate, past performance evaluations or page 4 (NAVPERS 1070/604) from service record or copy of Enlisted Summary Record (ESR) to Virtual Education Center. Completion certificate, DD Form 214 and/or page 4 or ESR <u>must be certified or notarized as a true copy.</u> Include your name, last four of SSN, work address, phone number and e-mail address. Certified documents may be faxed by Navy Military Personnel Office to VEC, or mailed to VEC. When mailing page 4 or ESR, circle items to be corrected or added to transcript. <u>Ensure course number, location and dates are annotated.</u>
MILITARY EXPERIENCE This section lists your Navy occupational history. Ratings/NECS are recorded on page 4 of service record or on Enlisted Summary Record (ESR).	Contact your servicing PSD or Personnel/ Administration Office to obtain certified copy of page 4 (NAVPERS 1070/604) or copy of ESR. NEC's must be annotated in the "Navy Enlisted Classification Record" block. Circle correct information on page 4 or ESR to be entered on transcript, have PSD <u>certify as true copy</u> (with PSD personnel original signature), and mail to Virtual Education Center. Include your name, last four of SSN, work address, daytime phone # and e-mail address. Certified documents may be faxed by PSD to VEC, or mailed to VEC.	Mail certified to be true or notarized copy of page 4 (NAVPERS 1070/604) or copy of ESR, designation letters and DD Form 214 (s). Circle correct information to be entered on transcript, have <u>certified</u> (with certifier's original signature) or notarized <u>as true copy</u> , and mail to Virtual Education Center (address below). * Include your name, last four of SSN, work address, daytime phone # and e-mail address. Certified documents may be faxed by PSD to VEC, or mailed to VEC.
ACADEMIC INSTITUTION COURSES, DEGREES and CERTIFICATIONS College courses taken while on Navy active duty through NCPACE or TA. Degrees/Certifications or courses earned before or while on Navy Active Duty at institutions accredited by a regional or national accrediting agency recognized by the U S Department of Education. Credit Evaluations may NOT be sent in lieu of foreign transcripts.	NCPACE COURSES: (2 Options to have updated to JST) 1. Have OFFICIAL transcript sent from institution directly to VEC 2. Mail certified or notarized copy of grade reports or transcripts to Virtual Education Center. Documentation may be faxed from an NCO or Marine Lifelong Learning Center to the VEC. TA FUNDED COURSES: Fax TA funded course(s) grade report or transcript to: 850-452-1149/1032/1079 or DSN 922-1149/1032/1079. DEGREES/CERTIFICATIONS: Have official transcript sent directly from institution to VEC. Degrees earned prior to or during Navy active duty will be accepted. Degree, major field, date awarded and institution must be included on transcript. NON-TA or NON-NCPACE FUNDED COURSES: (i.e. CCAF, MGIB funded, scholarships, etc) (3 Options to have updated to JST) 1. Official transcript mailed directly from institution to VEC 2. Bring Official Transcript or course grades to NCO, NCO certifies a true copy of original and faxes to VEC. 3. Have Official Transcript certified or notarized and mail to VEC. For more information go to: https://www.navycollege.navy.mil/add_deg.html ALL DOCUMENTATION SENT IN MUST HAVE NAME, LAST 4 DIGITS OF SSN, EMAIL, AND PHONE NUMBER WHERE YOU CAN BE CONTACTED.	NCPACE COURSES: (2 Options to have updated to JST) 1. Have OFFICIAL transcript sent from institution directly to VEC 2. Mail certified or notarized copy of grade reports or transcripts to Virtual Education Center. Documentation may be faxed from a NCO or Marine Lifelong Learning Center to the VEC. TA FUNDED COURSES: If courses are not on JST, follow instructions for update to JST as listed under Non-TA, Non-NCPACE courses. DEGREES/CERTIFICATIONS: Have official transcript sent from institution directly to VEC. Degrees earned prior to or during Navy active duty will be accepted. Degree, major field, date awarded and institution must be included on transcript. NON-TA or NON-NCPACE FUNDED COURSES: (i.e. CCAF, MGIB funded, scholarships, etc) (3 Options to have updated to JST) 1. Official transcript mailed directly from institution to VEC 2. GMA

CG-1714-0017 02-OCT-1995 to 16-DEC-1995
Gunner's Mate, Class A:
Reserve Training Center
Yorktown, VA

Upon completion of the course, the student will be able to solve basic electrical circuit problems, understand circuit symbols, read circuit diagrams, use a multimeter/DVM and megger. The student will be able to read and interpret fluid power circuit diagrams, understand how fluid power circuits are constructed, and understand the operating characteristics of fluid power components. The student will be able to practice safety precautions when working on electrical and hydraulic circuits.

- Basic Electricity
- Safety Engineering

MS 496

CG-0802-0019 27-OCT-2000 to 27-OCT-2000
Explosive Handling Supervisor:
Reserve Training Center
Yorktown, VA

Upon completion of the course, the student will be able to identify documents; inspect, evaluate, and report hazardous (especially explosive) materials and material shipment; and follow safety procedures in accordance with established standards.

- Introductory Explosive Hazardous Materials (Hazmat) Safety 3 SH L
(9/02)(7/06)

0458-1

CG-2205-0042 19-JUN-2000 to 18-DEC-2000
Military Requirements for Becoming a Senior Petty Officer by Correspondence:
 Coast Guard Institute
 Oklahoma City, OK

Upon completion of the course, the student will be able to provide leadership, advice, and counseling; communicate standards for enlisted personnel; design and conduct effective training sessions; and have a greater understanding of Coast Guard-specific policies and regulations.

- Fundamentals Of Communication 1 SH L
- Introduction To Supervision 2 SH L
(9/98)(9/98)

0209-1

CG-1708-0021 02-OCT-2000 to 08-MAR-2001
Boatswain's Mate Second Class by Correspondence:
 Coast Guard Institute
 Oklahoma City, OK

Upon completion of the course, the student will be able to demonstrate proficiency in deck seamanship, particularly as it relates to selecting surface coating and splicing wire cable, LORAN operation, maneuvering small craft in search and rescue operations, maintaining fire fighting equipment, identifying aids to navigation, and selecting electrical systems.

- Advanced Seamanship 2 SH L
(9/98)(9/98)

0469-4

CG-1708-0020 24-NOV-1998 to 16-APR-2001
Navigation Rules by Correspondence:
 Coast Guard Institute
 Oklahoma City, OK

Upon completion of the course, the student will be able to demonstrate knowledge of inland and international rules of the road related to safe navigation in various situations, including potential collisions and limited visibility, sailing vessels, lights and shapes used on vessels, and sound signals.

- Basic Navigation 2 SH L
(6/94)(6/94)

340720
4150

CG-1717-0013 03-DEC-2001 to 07-DEC-2001
Leadership and Management:
 Coast Guard MSO
 San Juan, PR

Upon completion of the course, the student will be able to recognize and apply styles of leadership; analyze situations and select appropriate leadership techniques; practice constructive communication skills; and recognize and apply motivation methods for the personal and professional performance improvement of subordinates.

- Organizational Development 3 SH U
(2/00)(2/00)

341090

CG-1728-0021 06-JAN-2003 to 07-FEB-2003
Maritime Law Enforcement Boarding Officer, Class C:
 Reserve Training Center

Yorktown, VA

Upon completion of the course, the student will be able to supervise a group of investigators involved in the detection, investigation, and processing of criminal and safety violations.

- Basic Criminal Investigation 3 SH L
- Basic Law Enforcement Organization And Administration 2 SH L

(5/96)(5/96)

0109-8

CG-1708-0004 23-MAY-2001 to 03-JUN-2003

Boatswain's Mate First Class by Correspondence:

Coast Guard Institute

Oklahoma City, OK

Upon completion of the course, the student will be capable of solving sample problems, answering lesson questions, and passing the proctored end-of-course examination through reading and studying textual materials.

- Advanced Navigation 2 SH L
- Advanced Seamanship 1 SH L
- Technical Communications 1 SH V

(4/98)(4/98)

0134-5

CG-1304-0022 01-FEB-2006 to 31-JAN-2006

Marine Science Technician First Class by Correspondence:

Coast Guard Institute

Oklahoma City, OK

Upon completion of the course, the student will be able to function as the on-scene coordinator's representative for all activities associated with the marine safety and marine environmental response procedures involved with the regulatory and operational responsibilities to minimize, contain, and disposal of hazardous waste pollution in inland and costal waters. These responsibilities include identifying risk factors for effective harbor patrols; implementing port state control initiatives; classifying potential solid, bulk, oil, and tanker hazardous waste cargos; examining freight manifests; writing pollution reports; identifying the appropriate response team for the size and nature of the spill; developing an appropriate incident command system; conducting contingency plans; documenting pollution violations; selecting waste generation and disposal using mechanical protection equipment; and directing damage assessment, recovery, and clean up activities.

- Environmental Regulations 3 SH L
- Hazardous Materials 3 SH L
- Project Management 3 SH U

CGR-SA NONE ASSIGNED 17-AUG-1993

Seaman Apprentice:

Apprentice training to further advanced training in specialized Coast Guard occupations.

- None

SN CGR-SN-001 13-JUN-1994

Seaman:

Maintains vessels, boats, shore facility structures, deck machinery and equipment, lines, and rigging; stands underway watches on board ships and boats as helmsmen, lookouts, and messengers; stands anchor, communications, and other special watches in port or at shore facilities; assists in the maintenance of aids-to-navigation; operates boats, booms, cranes, and winches; acts as member of gun crews and damage control parties.

- Deck Seamanship

(8/95)(8/95)

1 SH

L

BM2 CGR-BM-002 01-JUL-2001

Boatswain's Mate:

Proficient in marlinspike, deck, and boat seamanship; manages, supervises, and administers personnel and facilities; serves as deck watch officer and boat coxswain; trains, directs, and supervises personnel in seamanship, maintenance, rigging, deck equipment and boats; supervises damage control and working parties; maintains discipline; serves as member of gun crews or gun mount captains; operates and maintains heavy equipment used in loading and buoy tending work. Participates as crewman aboard thirty-foot or larger boat during various standard and emergency situations; performing as a coxswain, maneuvers alongside a vessel underway, and docks under average conditions; demonstrates proper procedures for dealing with lawbreakers; interviews suspects and witnesses; collects evidence; demonstrates procedures for search and seizure; uses computer software for communications and data base. Overhauls blocks; operates sailmaker equipment; performs decorative rope work; makes preparations for refueling and replenishment at sea.

MSSD2

CGW-MSSD-001 27-JUN-2008

Marine Safety Specialist Deck (MSSD):

MSSDs serving in the marine safety field conduct and supervise personnel in vessel safety and security inspections. Additionally they conduct and supervise marine casualty investigations. MSSDs conduct commercial vessel inspections/examinations (marine inspector) and casualty investigations (investigation officer). MSSDs inspect the following: lifesaving equipment, firefighting equipment, bridge and navigational equipment, anchor windlasses and other ground tackle, watertight integrity, structural fire protection, etc. MSSDs also conduct inspections and casualty investigations of main propulsion equipment (gasoline, diesel, boiler, and gas turbine) and auxiliary machinery (ships service and emergency generators, steering gear, evaporators, air compressors and receivers, bilge systems, fire alarms and smoke detection systems, fuel oil handling system, cargo transfer systems, oily water separators, all vessel electrical systems, life boat launching equipment, etc.). Marine inspectors conduct examinations of vessels in dry dock to inspect welding repairs, wood and fiberglass boat repairs, rudder assemblies, propeller and tail shaft examinations, bow/stern thrusters, sea chests, sea valves, etc. They review vessel construction plans to ensure new vessel construction and existing vessel repairs are completed in accordance with approved plans, applicable regulations, and accepted industry standards. MSSDs perform regulatory oversight of complex federal laws, regulations, and treaties. These activities are performed on domestic and foreign small passenger vessels, deep draft freight/tank vessels, mobile offshore drilling units, offshore supply vessels, and oil and chemical/gas barges. In the performance of these duties, they interface with a broad array of private and public local, state, federal, international) members at all levels of the marine industry.

MSTC

CGR-MST-003

01-SEP-2008

Marine Science Technician:

Observes, records, and analyzes environmental and scientific data; conducts field monitoring and laboratory analysis for chemical and oil identification; operates and maintains Coast Guard data processing systems; and maintains waterfront regulatory compliance, maritime law enforcement, and homeland security. Prepares and maintains user documentation of computer data; operates computers; uses standard meteorological equipment; conducts maritime law enforcement; works with and maintains standard oceanographic instrumentation; enforces Coast Guard regulations.

Maintains database information; conducts ship inspections; inspects areas for hazardous waste materials and suggests corrective measures; and investigates pollution incidents.

Conducts pollution investigations; interprets results of chemical analysis; supervises staff in conducting compliance investigations; prepares written instructions; organizes and evaluates training programs; develops and implements a program for evaluating staff.

Plans, implements, and monitors safety and security programs; prepares and submits budget requests; instructs and supervises staff in security and safety programs.

JST Official Transcript Explanation

The American Council on Education (ACE) is the nation's unifying voice for higher education. ACE serves as a consensus leader on key higher education issues and seeks to influence public policy through advocacy, research, and program initiatives. ACE's Military Programs evaluates formal service courses and occupations approved by a central authority, employing the services of teams of subject-matter specialists from colleges and universities (professors, deans, and other academicians) that, through the discussion and the application of evaluation procedures and guidelines, reach consensus on content, description, and amount of credit to be recommended for selected courses and occupations. For comprehensive information on the ACE Military Evaluation process, consult the Course and Occupation Evaluation Systems, described in the online Guide to the Evaluation of Educational Experiences in the Armed Services at: <http://www.militaryguides.acenet.edu/AboutCrsEval.htm>.

ACE, the American Association of Collegiate Registrars and Admissions Officers (AACRAO), and the Council for Higher Education Accreditation have developed a set of guidelines contained in the Joint Statement on the Transfer and Award of Credit (<http://www.militaryguides.acenet.edu/JointStatement/htm>) that are intended to serve as a guide for institutions developing or reviewing policies dealing with transfer, acceptance and award of credit for courses and occupations completed in a variety of institutional and extrinstitutional settings, including the military. More information on guidelines for awarding credit for courses and occupations appearing on JST transcripts is contained in The AACRAO 2003 Academic Record and Transcript Guide.

Servicemembers may request copies of JST transcripts directly from the Operation Centers at <https://smart.navy.mil> or by calling 877-838-1659. ACE does not issue these transcripts or make any adjustments to missing or incorrect information contained in them. Servicemembers must contact the respective Operations Centers for adjustments or corrections to the transcripts. Colleges and universities may also receive web-based official copies of these documents by contacting the JST Operations Center at SFLY_SMART@navy.mil.

Understanding JST Transcripts

The full exhibit and description for courses and occupations listed on JST transcripts can be found in the Guide to the Evaluation of Educational Experiences in the Armed Services which is available only online at: (<http://www.militaryguides.acenet.edu>) and updated on a daily basis as new courses and occupations are evaluated for recommended credit.

Key to transcript terms:

Military Course ID - This is the number the military service has assigned for this particular course.

SH - Semester hours.

ACE Identifier - The number ACE assigns a particular course. Courses are identified by a 2-letter prefix that designates the military service (NV-Navy, MC- Marine Corps, CG-Coast Guard, DD-Department of Defense, AF-Air Force), followed by a unique eight-digit course identifier.

ACE Credit Recommendation is listed in semester hours, in the following categories:

V = Vocational; **L** = Lower level (freshman or sophomore level); **U** = Upper level (Junior or Senior Level); **G** = Graduate level.

Dates Taken/Dates Held - Courses and occupations will normally have a start and end date that will show the time period the course was completed or the occupation was held.

Location - Valid location(s) where the course was completed.

Occupational Codes:

Navy Rates and Ratings:

NER - Navy enlisted rates are occupation identifications assigned to personnel at paygrades E-1 to E-9. Each general rate involves the performance of entry-level tasks and leads to one or more ratings. Career patterns from recruit to master chief petty officer are identified by 4 to 5-digit codes.

NEC - The NEC Structure supplements the Enlisted Rating Structure by identifying skills requiring more specific identification than that provided by general rates and ratings and that are not rating-wide requirements. Selected NECs have been evaluated by ACE to date.

LDO, NWO - Limited Duty Officer, Navy Warrant Officer - Technical officer specialists who perform duties that are technically oriented, with skills acquired through experience and training that are limited in scope to other officer categories. These specialties are normally identified by 4 digits, each successively providing more precise identification of the individual holder.

MCE - an MOS has 4 digits and a descriptive title; the first 2 digits normally describe the occupational field and the last 2 digits identify the promotional level and specialty within the occupation.

Coast Guard:

CGR - Enlisted rating structure used for classified enlisted personnel and qualifications, with career levels from recruit to master chief petty officer.

CGW - Coast Guard Warrant Officers are technical officer specialists who perform duties that are technically oriented and acquired through experience and training that is limited in scope and relation to other officer categories.

PNA - Passed, not advanced. This designation indicates a successful completion of service exams that qualify the servicemember for promotion to the next level in a given occupation, pending available openings at this occupation level.

Pending evaluation - This status designates a course or occupation that ACE may be in the process of evaluating or re-evaluating for the appropriate credit recommendation pending completion of the evaluation. For more information, contact ACE's Military Evaluations Department at mileval@ace.nche.edu. **MATMEP** - Maintenance Training Management and Evaluation Program, a standardized, documentable, level-progressive, technical skills management and evaluation program for enlisted aviation technical maintenance training. The Summary sheet submitted by the servicemember lists the current level of training completed and should be used by the evaluator to verify the attained level in awarding credit.

DANTES - The Defense Activity for Non-Traditional Education Support maintains the educational records of the servicemembers who have completed DANTES subject Standardized Tests (DSSTs), CLEP examinations, and GED tests. For examinations administered at military installations, results of these tests may appear on JST transcripts for consideration in the award of the recommended credit. However, individual colleges and universities may reserve the right to request official scores directly from ETS or DANTES, to confirm completion of these exams and the credits recommended.

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP) - The College-Level Examination Program or CLEP provides students of any age with the opportunity to demonstrate college-level achievement through a program of exams in undergraduate college courses. There are 2,900 colleges that grant credit and/or advanced standing for CLEP exams.

Other Learning Experiences & Non-Credit Courses: See Other Learning Experiences section of transcript for detailed information.
